## **Procedure for Clearing The Firing Line**

At no time is anyone to leave the firing line with a loaded rifle! All competitors are to be responsible for safe rifles while on the firing line. At no time should a competitor get out of position without the Empty Chamber Indicator being placed in the empty chamber and the competitor's scorekeeper verifies that fact and after a line official has verified the rifles are safe. Penalty for breaking this rule is disqualification from the match for both the competitor and scorekeeper. Anyone who fires a shot during the preparation period will be scored a miss for the first record shot of that match. Anyone who fires a shot prior to the preparation period or any other nonfiring period will be disqualified from any further competition.
